

**FASSI**24021 Albino (BG)  
Italy - Via Roma 110**DECLARATION OF CONFORMITY  
WITH THE REGULATIONS  
"REACH"**

Regulation 1907/2006/CE

**The company****FASSI GRU S.p.A.**

Via Roma 110 – 24021 Albino – Bergamo – ITALY

with reference to the regulations

**1907/2006/CE**

of the European Parliament and of the European Council

**concerning registration, evaluation, authorization and  
restriction of chemicals  
(REACH)**

(Registration – Evaluation - Authorization and Restriction of Chemicals)

declares that

- ✓ The employed chemicals are purchased from external qualified suppliers and there are always a technical sheet and a safety sheet along with them.
- ✓ The products don't undergo any transformation in the company that modifies or affects the features and composition of the substance and/or of the original blending;
- ✓ Our company employs chemicals to treat the surface of the metallic semi-finished products (painting). According to their features, the products used in Fassi company to paint the cranes do not require any registration.
- ✓ The investigation conducted with all our suppliers in order to check their position in relation to the regulations REACH enabled us to establish that all the most important suppliers are in compliance with the regulations 1907/2006/CE.
- ✓ Consequently, our customers don't have to register any substance due to our products.
- ✓ On all sold Fassi cranes there isn't any dangerous substance of the "candidate list" (art. 59, paragraph 10 of the Regulations REACH), a list published on the website of the ECHA - European Chemicals Agency.
- ✓ On the date of this letter, we do not introduce intentionally any extremely problematic substance (SVHC) of the Candidate List REACH requiring an authorization, as published by the European Agency for the chemicals (European Chemicals Agency) and in compliance with the article 59 of REACH on the date of this letter.

Albino, 10 maggio 2021
